The descriptions, designs, data and information contained herein are presented in good faith, and are based on BASF's current knowledge and experience. They are provided for guidance only, and do not constitute the agreed contractual quality of the product or a part of BASF's terms and conditions of sale. Because many factors may affect processing or application/use of the product, BASF recommends that the recipient carry out its own investigations and tests to determine the suitability of the product for the intended purpose and the results to be obtained therewith. This information and any of the data and recommendations given may be altered by BASF at any time without prior notice. It is the responsibility of the recipient to ensure that any proprietary rights and existing laws and legislation are observed. No warranty of any kind, either express or implied, including, but not limited to, warranties of merchantability or fitness for a particular purpose, are made regarding products described or designs, data or information set forth herein or that the products, designs, data or information may be used without infringing the intellectual property rights of others. In no case shall the descriptions, designs, data or information furnished by BASF be considered a part of BASF's terms and conditions of sale. Any descriptions, designs, data and information given in this publication may change without prior information. The recipient is not relieved from its responsibility to carefully inspect and test each product delivered by BASF as to its properties and suitability for its intended use. Each recipient is responsible for the safe handling of all products purchased from BASF which are not known to have established safety characteristics. Nothing herein shall be construed as a recommendation to use any product in conflict with patents covering any material or its use. No license is implied or granted under any patent or other intellectual property right of BASF covering chemical compositions or materials as such. Unless otherwise agreed in writing, BASF shall not be responsible for consequential, indirect or incidental damages of any kind in connection with or arising from the handling, use, sale or performance of products. Any statements made regarding the use of any of the products mentioned herein shall not be construed as permission or recommendation for use in violation of any patents or other intellectual property rights of third parties. Compliance with any warnings and precautionary measures described herein is recommended.
